Rogue Community College Seeks Nominations for 2025 Outstanding Alumni Award

The Rogue Community College Foundation is now accepting nominations for its 2025 Outstanding Alumni Award, which honors graduates who have made meaningful contributions to their profession, community or the world.

Established in 2008, the RCC Outstanding Alumni Award celebrates graduates who have made a lasting impact -- whether through career success, community leadership or service to others -- after earning a degree or certificate from RCC.

Nominations are open through August 25th. To be eligible, nominees must have completed a certificate or degree at RCC and meet at least one of the following criteria: demonstrated success in their business, profession or vocational field; or made significant contributions to their community through civic involvement, volunteerism, public service or other humanitarian efforts.

Anyone may submit a nomination -- students, employees, alumni and community members are all welcome to participate. The 2025 recipient will be honored during the RCC President's Circle Reception in September.

The nomination form and more details are available at "roguecc.edu/foundation."
