## Free dental screenings with RCC students

In order to get some hands-on training, Rogue Community College dental hygiene students will be accepting appointments for free dental screenings, beginning Monday.

The screenings, performed by second-year students under the supervision of licensed dental professionals, will include a limited X-ray series and periodontal evaluation to determine the type of hygiene services most beneficial for each patient.

Appointments will take place at the RCC Dental Hygiene Clinic at the Table Rock Campus Health Professions Center, 7731 Pacific Ave. in White City.
