September 9, 2026 at 5:40 pm

WHITE CITY, Ore. – Rogue Community College (RCC) is scheduling free and low-cost appointments for the fall term at its Dental Hygiene Clinic.

The clinic is offering free dental screenings from October 5 through October 10. For the rest of the fall term, members of the public can access the clinic's preventive dental care for affordable prices, including dental screenings and assessment appointments at no charge, full-mouth X-rays for $30, sealants for $5 per tooth and fluoride treatments for $10. RCC students can receive clinic services at no charge.

Free dental x-rays may also be available to qualified participants. Patients must not have had a full mouth x-ray within the past three years.

The clinic gives dental hygiene and dental assisting students the chance to receive hands-on experience in the field under the supervision of licensed medical professionals.

"It's vital for the learning, but it also provides a low-cost option for community members who may not have insurance or be able to afford the preventive treatment we can provide here," said Carmen Mons, Director of Dental Programs at RCC.

The clinic is located on RCC's Table Rock Campus in White City. For more information, or to schedule an appointment, you can call RCC's Dental Hygiene Clinic at 541-955-7577 or email dentalinfo@roguecc.edu. To learn more about the RCC Dental Hygiene Clinic's services, visit roguecc.edu/clinic.
